

Hello

Thanks for considering **McNeilly Photography**. Please read through this information and if you have any questions or would like to schedule an appointment - please give us a call. We mostly keep hours by appointment, although you may meet us by chance.

We really do want to hear from you, and at the same time, we are trying to keep costs down.

We are in and out of the studio shooting alot. I take the orders home and prepare the files for upload to the lab. Please keep this in mind if you are asked to leave a message. This time of the year keeps us busy. Also be sure to give your day and evening phone numbers if possible.

We have been in Grand Ledge for over 20 years. We are keeping up with the latest advances in photography. Now you can even see the images we are creating during your actual session. This helps let you know before you are finished that we created the photos that you desired. It sure does help build your confidence and to save time as well. We can fill you in on the details when you call.

Sure, We would like you to consider us as your personal Photography Studio, and we are proud that we are a **No Sales Pressure Studio**. We feel that quality and Value is our strong points. When you look good - we look good too. Why don't you take the second step and give us a call. We can set up an appointment or just answer your questions.

Thank you for considering **McNeilly Photography Studios**.
